August 1, 2023

Dear DTC Member,

In 1982 several of our DTC bank participants organized the Bank Depository User Group (BDUG) to raise the unique issues of the bank depository community. Since that time DTCC has also worked closely with BDUG on key initiatives impacting wider segments of the financial services industry. As a non-profit association BDUG is a self-governing organization that derives its success from its membership participation and the partnership with industry providers.

BDUG is an active and growing organization, chaired by a membership nominated Steering Committee, which is committed to providing its members with educational opportunities to increase their industry knowledge and prepare them for future challenges. Membership in BDUG also provides the opportunity to not only have personal interaction with industry peers, but also industry partners and DTCC associates.

I encourage you and your organization to join BDUG and to take advantage of the many benefits of its membership. For membership information please visit the BDUG website www.bdug.org or contact Ruth Jadeja at (512) 463-6017, membership@bdug.org.

DTCC is committed to supporting BDUG in its endeavor of providing our bank clients with a collective voice. At this year's annual meeting in Clearwater, FL, September 17 – 20, 2023. The keynote speaker will be DTCC's John Abel, Executive Director, Equity Clearance & Settlement Services. In addition, members of DTCC's Product Management Team will provide updates on the following initiatives:

- US Accelerated T+1 Settlement
- Corporate Actions and other Asset Services
- ACATS
- DTCC Modernization Roadmap (Asset Services, Settlement, Physical Processing, ACATS)
- Institutional Trade Processing (ITP) Strategy and Products

For more information on the BDUG members' annual meeting visit www.bdug.org. We hope to see you there.

Thank you for your consideration.

Sincerely,

Marisol Collazo
