Dear DTC Member,

In 1982, several DTC bank participants formed the Bank Depository User Group (BDUG) to address the distinct needs of the bank depository community. Since then, DTCC has worked closely with BDUG on key initiatives affecting broader areas of the financial services industry. As a non-profit association, BDUG is a self-governing organization whose success depends on active member participation and collaboration with industry providers.

BDUG is an active, growing organization led by a member-nominated Steering Committee. It is committed to offering educational opportunities that help members expand their industry knowledge and prepare for future challenges. BDUG membership also provides valuable opportunities to engage with industry peers, partners, and DTCC associates.

DTCC remains committed to supporting BDUG's efforts to provide bank clients with a collective voice. At this year's annual meeting in Clearwater, FL, September 14–16, 2026, DTCC will provide a keynote speaker, and members of DTCC's Product and Relationship Teams will share updates on the following topics and initiatives:

- Asset Services Update
- DTCC Digital Assets & Tokenization
- Securities Financing Transactions (SFT) Clearing
- Institutional Trade Processing (ITP) Strategy and Products
- DTCC Modernization Roadmap

For more information on the BDUG members' annual meeting visit www.bdug.org. We hope to see you there.

Thank you for your consideration.

Sincerely,

Marianne Kroha
